

LIFT Ireland Primary School's Programme

Leadership isn't just for a few - every child can lead in their own way, & primary school is the ideal starting point.

This programme can assist with the transition into post-primary, promoting positive leadership and connection between students - with minimal resources and maximum impact!

“What other schools say:
LIFT affords our students time to reflect on their leadership values and help create a toolkit to become effective leaders in their lives and make an impact on their peers. **We see LIFT as an essential part of our students' education.** Eimear Cullen - New Cross College.
